BIO: Ronda Del Boccio is a mostly blind #1 bestselling author, author mentor and speaker. Her fiction, nonfiction and poetry are published in books and magazines around the globe. She

especially loves writing fiction and guiding others through the transformational process of writing and publishing books.

Ronda also loves celebrating the success of her Awakened Author mentoring students. Many of her students achieve bestselling author status within days or even hours of releasing their books.

One of her recent success stories is bilingual Social media consultant and trainer Lasse Rouhiainen. He became an international bestselling author with both the English and Spanish versions of his books [Smart Social Media](#) under her guidance.

Ronda has loved storytelling since childhood, when she made up skits and dramas with her stuffed toys. All her life, people have gone out of their way to come up to her and tell her their story. She became captivated with the way stories create a bridge of understanding between people. So it's no wonder she is known globally as The Story Lady.

Her first mentor was the famous mythologist Joseph Campbell, whose decades of studying people of all walks of life reveals the one story that unites all of humanity, regardless of race, creed or viewpoint. This story, the hero's journey, is at the heart of Ronda's teaching.

Ronda teaches 5 key systems to success as an author, which together empower you to follow your B.L.I.S.S. Authors who work with her develop each of these systems: Being, Legacy, Imprint, Share and Serve to follow your bliss.

The BLISS system turns "ordinary" visionaries without a huge following into published author experts with more than just a book. Anyone interested in transforming their vision into their legacy can begin with the Awakened Author Challenge at www.WriteOnPurpose.com/challenge.

Ronda lives near Branson, Missouri with her cats, chickens and guinea hens. The birds live outside, of course. Her interests include reading, watching movies and eavesdropping. "Some of my best story ideas come from bits of overheard conversation." Her favorite T-shirt reads, "Careful or you'll be a villain in my novel."
